PROFESSIONAL SUMMARY

Final-year BE (Hons) Computer Science student at Myanmar Institute of Information Technology (MIIT) with hands-on experience in full-stack web development, backend engineering, database architecture, and data analysis. Proficient in Python, Java, React, and SQL databases. Demonstrated strong problem-solving skills through academic software projects and teaching programming to university students. Seeking a challenging Internship position in Software Engineering, Web Development, or Data Analytics/Science.

TECHNICAL SKILLS

- Programming Languages: Python, Java, C, R
- Web & Frameworks: React, Django, Tailwind CSS, JavaFX
- Data Science & Libraries: Pandas, NumPy, Matplotlib
- Databases: MySQL, PostgreSQL, Supabase
- Developer Tools & Version Control: Git, GitHub, VS Code, Jupyter notebook, RStudio

TECHNICAL PROJECTS

Academic Schedule Optimizer | *React, Tailwind CSS, Supabase, Git*

- Developed a full-stack web application designed to optimize daily study schedules for students based on exam dates and assignment deadlines.
- Architected and managed the relational database structure on Supabase to ensure data integrity and efficient schedule calculations.
- Collaborated closely with team members as a Full-Stack Developer to integrate frontend UI components with backend APIs seamlessly.

Personalized Coaching System at Home | *Java, JavaFX, MySQL*

- Built a Java-based desktop application providing structured workout and health coaching routines for users training at home.
- Led backend development and designed the MySQL relational database schema to manage user profile data, daily schedules, and activity tracking.

EXPERIENCE

Programming Instructor / Tutor (Independent)

Conducted practical training on Python and C programming, foundational logic, and debugging for engineering students from Technological University.

EDUCATION

Bachelor of Engineering (Hons) in Computer Science | *Myanmar Institute of Information Technology (MIIT)*

Status: Final Year (Completed Semester 1, Preparing for Semester 2 Internship)

Diploma in English (MUFL)

Java Programming Course – Study Right Now
Python Programming Course – Study Right Now
